During the electrical storm Sunday night lightning struck the rear of Ed. Glander's three story brick building on West Water street, and knocked out a few wheelbarrow loads of brick, but, fortunately, did not set fire to the building. The telephones

in that section were also all burned out by the stroke.

George Stevens of Arcanum plead guilty to the indictment returned against him by the recent grand jury, charging him with conducting a drug store without being a licensed pharmacist, or having such an one in his employ, and on Tuesday paid a fine of \$30 and \$35.59 costs.

The Painter Creek ditch hearing was up before the Commissioners Monday, but was not finished, an adjournment being taken until yesterday. The estimated cost of this ditch is \$16,000, that of the Iler ditch \$8000 and Pigeon Creek ditch \$1800, making a total of \$25,800.

The Darke County Republican Central Committee held a meeting in this city last Saturday afternoon and organized by electing Adelbert Martz as chairman, Ray Compton secretary and W. V. Steinmetz treasurer. They also recommended Harry Sentman for re-appointment on the Board of Elections of this county.

The musical program to be rendered this afternoon at the laying of the corner stone of the St. Clair Memorial Hall will be a most elaborate one, and in the evening an excellent concert has been arranged to be given on Public Square by the Dayton Soldiers' Home Band. Mrs. Clara Turpen Grimes of Dayton will also render vocal selections on this occasion.

Last Thursday morning about 11 o'clock fire was discovered in the roof of a rear portion of the George A. Katzenberger dwelling, on West Main street, that had started from a defective flue. The entire roof was burned off, and several trunks of clothing stored in an attic and in a room over the kitchen were also destroyed. The loss was fully covered by insurance.

Mrs. Charles Kirgan of this city lost her \$10,000 damage suit against the Dayton City Railway Co. for the death of her husband, who jumped from a street car in Dayton on October 2, 1906, to recover a \$10 bill that the wind blew out of his hand while enroute to the city from the Soldiers' Home. The jury returned a verdict Monday in favor of the Railway Company.

Mrs. Mira Lowry, relict of Jap Lowry, died at her home in Ann Arbor, Mich., on Wednesday afternoon of last week. Her remains were brought to this city and interred Saturday afternoon, after services at the home of Walter S. Meeker. The deceased is survived by one son, Warren Swisher of Chicago, Ill., three daughters, Mrs. James Chenoweth of Oklahoma City, Mrs. Viola North and Miss Edna Lowry of Ann Arbor, and a step daughter, Mrs. W. S. Meeker, of this city.

Cole's field, just across the Broadway bridge, will soon be converted into a public play ground for the children of the city, after plans adopted in larger cities. It is the intention of those having the affair in charge to lay off two or three ball diamonds, a tennis court, and provide other outdoor sports for the children, so as to keep them off the streets. A bathing bayou

will also be extended in from the creek, affording the kids an opportunity to enjoy a swim in proper bathing costumes. Mayor Schmermund and other prominent citizens are at the head of the movement, and funds are being raised, independent of the \$100 appropriated by the city council, to properly equip the grounds for the children's pleasure.

Last Saturday evening Patrolman Lynch of this city arrested Joseph Snyder at his home in Arcanum on a warrant sworn out by C. R. Musson, charging Snyder with having committed rape with consent upon Ruth Musson. Snyder was taken before Mayor Schmermund, where he plead guilty to the charge and asked that he be immediately sentenced to the penitentiary. This the Mayor could not do, but bound him over to the grand jury in bond of \$500. The accused at first said he would not give bond, but his wife and relatives came up Monday afternoon and secured bond for him and he was released from the custody of Sheriff Haber. It will be remembered that Snyder disappeared from home a few months ago and finally turned up in Dayton, in a seemingly dazed and haggard condition, which can now be accounted for to a great extent.

Frank Drew, a grain dealer at Delisle, instituted a suit Monday in Common Pleas court to recover \$912.52 from a brokerage firm in this city. His petition recites the following:

"Plaintiff states that the defendant Grain Company and the said T. A. Wallace maintain and operate a 'Bucket Shop' in the building owned by the said Adam Schantz, located on West Third street.

"That from the 2d day of February, 1910, to the 3d day of June, 1910, the defendants, the Grain Company and T. A. Wallace, have received from plaintiff upon wagers upon margins on stocks and grain the sum of \$1,346.27, and have returned to plaintiff of the said moneys the sum of \$435.75 and the defendants the Phoenix Grain and Stock Exchange and T. A. Wallace are indebted to plaintiff and have received to plaintiff's use the sum of \$912.52 and have converted this to their own individual use."

PHYSICIANS

DR. KUTCHIN

EX U. S. EXAMINING SURGEON

Specialist for the Treatment and Cure of all Long-Standing and Difficult Chronic Diseases and Diseases of the Blood and Nervous System.

Will meet his patients in this county every month for the next year, and examine all afflicted free. Office, Columbus, Ohio.

Dr. Kutchin has been visiting this County every four weeks for fifteen years.

This well known specialist in the treatment and cure of difficult chronic diseases will give all the afflicted an opportunity to consult him free of charge and secure the latest and best treatment for such diseases as the regular family physician is not prepared to treat.

By seeing the Doctor the expense and trouble of visiting the city and going to a Hospital may be avoided.

CHRONIC DISEASES

The Doctor treats not acute diseases, but makes a specialty of chronic and long standing diseases. Cases given up by other doctors and pronounced incurable he most desires to see. He has treated successfully many cases in Ohio in the last fifteen years that had been given up as incurable.

The Doctor is surrounded with a fine collection of instruments for examining and treating all chronic diseases of the Head, Face, Eye, Ear, Throat, Heart, Lungs, Stomach, Liver, Kidneys, Bladder, Skin, Brain and Nervous System, Cancers, Tumors, Piles, Swellings, Old Sores, Erysipelas, Neuritis, Rheumatism, Dropsy, Gout, Sick Headache, Debility, Depression of Spirits, Diseases of Children, Hereditary Diseases, etc., and, in fact, all long standing and chronic diseases.

All surgical operations performed. He adopted the following plan, which is peculiar to large hospitals, viz: he carefully notes the symptoms of the patient and ascertains the condition of the internal organs, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease and its cause. When sick people consult him, he readily tells them whether he can cure or help them, or whether they are beyond hope.

HIS IMPROVED METHODS OF TREATMENT

Are mild and pleasant, agree perfectly with the most delicate Lady or Child, do not reduce strength; can be used while at work and give the greatest possible benefit. Patients can consult him at their homes or at his office, and communicate with him as often as they choose, during the whole time required for the treatment without extra charge, thus rendering the treatment as successful and satisfactory as though they were living next door.

DISEASES OF WOMEN,

Such as have baffled the skill of other physicians and remedies. Dr. Kutchin quickly cures Cancers, Tumors, Fibroid and Polypoid Growths, cured without the use of the knife. No cutting, no pain, no danger.

A LIFE OF EXPERIENCE

The Doctor has had a whole life of study and experience in his profession and enjoys advantages which fall to the lot of but few. After attending his full course in the Medical Colleges, and graduating with the highest honors, he was not content to stop there, but has since attended other Colleges, and several times reviewed the whole profession; has also traveled extensively for the purpose of improvement, having visited the best Medical Colleges, Hospitals, Dispensaries, Eye, Ear, Lung and other Medical and Surgical Institutions of Europe, improving every advantage within his command, and devoting the best years of his life to become thoroughly familiar with his profession in all its branches.

There are many diseases which physicians in common practice do not usually treat, such cases are the Doctor's specialties.

Are You Afflicted? Your case may now be perfectly curable, but remember, every moment of neglect brings you nearer its incurable stages, when, perhaps, the most skillful physician can render you no assistance. The present is ours, the future may be too late.

Free Examination of the Urine.—Each person applying for medical treatment should send or bring 2 to 4 ounces of urine, which will receive a careful examination.

80 Cases and correspondence confidential. Treatment sent C. O. D. to any part of the United States. Correspondence with invalids solicited. All letters with stamps enclosed answered free.

Call and be examined and at least learn the cause of your disease, and if it can be cured. Tape Worms removed in from three to five hours without starvation. The remedies for the whole course of treatment are furnished from the office all at once or by the month.
